Science Badges

## Stimulate a lifelong interest in science by completing our Science Awards schemes

Suitable for Year 3-10 students, the Science Award schemes (Science Activity Challenges, Explorer Badges and Science Badges) are designed to promote students' interest and participation in a series of science activities. These activities do not involve teachers in a lot of extra work and provide a tangible reward (metal badges, certificates and stickers) for the students **AND** they enable teachers to put ticks in all of these science curriculum requirements:

Gather and Interpret data	✓	Participating and contributing	✓
Use evidence	✓	Investigating in science	✓
Critique evidence	✓	Living world	✓
Interpret representations	✓	Material world	✓
Engage with science	✓	Physical world	✓
Understanding about science	✓	Planet Earth and beyond	✓
